

JOHN E. VILLANO DDS, PC (541) 484-2136

## PRE-OPERATIVE ORAL SURGERY INSTRUCTIONS

1. We ask that you DO NOT eat or drink anything, *including water*, (6) hours before your scheduled appointment.
2. We will be monitoring your blood pressure both before and during surgery. We recommend that you wear short sleeves and comfortable loose fitting clothing as well as low-heeled shoes.
3. Please arrange to have a RESPONSIBLE ADULT come with you to provide transportation and supervision for at least one hour for you on the day of your surgery. The patient should not drive a vehicle or operate any machinery for 24 hours following anesthesia.
4. If you are taking any blood thinners or if you have any condition that requires pre-medication such as a heart murmur or artificial joint, please discuss with your Primary Care Physician.
5. Please call the office if you develop any cold or flu symptoms, as we may need to reschedule your surgery.

If you have any questions or concerns, please call our office:
